

PROVIDE FEEDBACK ON THE EDUCATION SYSTEM IN ONTARIO

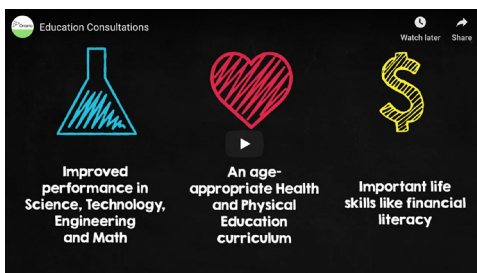

Parents/guardians, students, educators, and organizations have the opportunity to provide feedback on the education system in Ontario.

By participating in the **Consultation: Education in Ontario**, you will be asked to share your thoughts on seven key consultation areas including standardized testing, the Health and Physical Education curriculum, financial literacy, and science, technology, engineering and math (STEM).

The overall goal of the education consultation is to prepare Ontario students for success, improve their academic achievement, and equip them with the tools needed to enter the working world.

You can participate by sharing your views in an open submission, an [online survey](#), or participating in a telephone town hall.

Consultation: Education in Ontario closes December 15, 2018. For more information, visit <https://www.ontario.ca/page/for-the-parents>.

Watch this short [promotional video](#) about the education consultation from the Government of Ontario.
